

18TH EUROPEAN ANGIOLOGY DAYS

NOVEMBER 26th - 28th, 2021
International Academic Web Conference

CHALLENGES IN AGEING, BIG DATA, COVID19:
The role of Angiology/Vascular Medicine in a changing world

New VAS European Vascular Ultrasound WG

Peter Marschang AT

Up-date on VAS Vascular Ultrasound Course

Ales Blinc SL

VAS Affiliated Journals:

International Angiology

Armando Marsilio PT

Journal of Clinical Medicine

May Xie- JCM CH

7.00-7.40 PM CET

Selected Abstracts from VASYoung

Chairpersons: *Laura Gill BE-Zsolt Pecsvarady HU-Jeanette Maier IT - Sergio De Marchi IT*

Three-dimensional spheroids creating for studying vasculogenic tumour Mimicry

Elizaveta Prosekina RU

The VaSera heart-to-ankle pulse wave velocity is a nearly diastolic wave speed metric

Alessandro Giudici NL

Management for venous ulcers in our hospital

Takahiro Imai JP

Vascular aging and telemedicine innovation

Daniel Kulin HU

Evaluation of serum D-dimer levels in the active and quiescent phase of Buerger's disease

Abdolali Chavoshan IRN

Acute-phase protein reactants in Buerger's disease: Is it a systemic disease? *Shayan Keramat IRN, Oguz Karahan TK, Malay Patel IND, Bahare Fazeli IRN.*

28th NOVEMBER

8.00 AM-9.30 AM CET

Scientific Session: Big Data and Vascular Medicine

Chairpersons: *Sergio Pillon IT- Zsolt Pecsvarady HU- Isabelle Durand-Zaleski FR*

Big data and Artificial Intelligence in Public Health

Adam Tarcsi HU

Digital medicine and big data in Rheumatology

Jutta Richter DE

The Truck project

Tenno Daiki HU

Imaging of peripheral microcirculation and the role of artificial intelligence

Kristen M. Meiburger IT

Discussion

9:30 AM -12.30 PM CET

Scientific Joint Session: Prevention the Mandatory view of the future
